TIME FOR WOMEN TO TALK

Month Well Taken Up with Conventions of the Gentler Sex.

MOTHERS' CONGRESS HEADS THE LIST

Club Women Also to Be in Evidence—Large Attendance—Distinguished Personages in a Certainty.

The Transmississippi Congress of Mothers will hold its first session at the First Congregational church at 3 o'clock Saturday afternoon. Besides this meeting the program of sessions includes a mass meeting on Sunday and a morning and an afternoon meeting on Monday. All these sessions will be held in the rooms of the First Congregational church. The programs for the meeting have not been fully completed and will not be definitely arranged until the prominent women expected reach the city tomorrow afternoon's meeting will be of a formal character. Addresses of welcome and responses will be made and later a reception will be tendered the visitors. On Sunday afternoon a mass meeting will be held at 3 o'clock and will be addressed by a number of prominent women. The Monday session closes will later be assigned the speakers.

A number of prominent women will be in attendance. Among them are the following officers of the National Congress of Mothers: President, Mrs. Theodore W. Birney of Washington; recording secretary, Mrs. Sallie S. Cotton of Falkland, N. C.; corresponding secretary, Mrs. Vesta H. Cassidy of National Park seminary, Glen Forest, Md.; treasurer, Mrs. Hardin W. Masters of Lewiston, Ill.; Mrs. Mary H. Weeks of Kansas City. Other well known women who will be present are: Miss Annelle Hofer and Miss Frances Newton of Chicago, Dr. Mary Wood Allen of Ann Arbor, Mrs. Hollenberg of Virginia and Mrs. Ella W. Peattie of Chicago. A notable visitor will be Miss Moten, a colored woman, who will explain the work that is being done by the Colored Training School kindergartners of Washington.

Large Attendance Expected.

From all parts of the country the club women will come. Fully 1,500 are expected. Although the congress meets during Jubilee week, the attendance will be large. Such world known women as Mrs. Theodore W. Birney of Washington, D. C., Mrs. Adlai Stevenson of Illinois, Mrs. Hephzibah of Chicago, Susan B. Anthony, Miss Julia Northrop of Hull House, Chicago, and Mrs. Howe of Atlanta, Ga., will speak throughout all the conventions. The formal exercises will be interspersed with music, both vocal and instrumental. For this purpose the best professional and amateur musicians in Nebraska have been engaged. A committee of fifteen women, easily recognized by their yellow and white ribboned badges, will meet the delegates at the stations. For the benefit of those who have not already arranged for accommodation it is urged that they communicate with Mrs. Philip Potter, 426 South Fortieth street, the chairman of the entertainment committee, at once. During the week the headquarters of the congress and the Bureau of Information will be at the rooms of the Omaha Woman's club, Nineteenth and Davenport streets. At 3 o'clock Saturday afternoon the Na-

national Congress of Mothers will meet. Mrs. Birney, the president, will preside.

The second session will be held on Sunday afternoon and in the evening Mrs. Howe and the other officers of the National Federation of Women's Clubs will take Monday morning also be devoted to the mother's congress. On Tuesday the Nebraska Federation of Women's Clubs will meet. During Wednesday morning the Transmississippi Congress of Women's Clubs will be addressed by Mrs. Geddings of Minnesota, and Mrs. Duckwater of Ohio. The afternoon session will be held in the Auditorium building at the exposition. There President McKinley will address them and Mrs. Howe will preside. All Thursday and Friday the National Household Economic association will be in session. On Thursday evening a reception will be tendered all club women in the city by the Omaha Woman's club at its club rooms.

Time for Recreation.

After Friday these energetic club women will take a week's rest, preparatory to the final congress during the last week of the month. That session will be devoted to meetings of the National Council of Jewish Women, the National Council of Women, Woman's Suffrage and the Women's Christian Temperance union. In speaking of the effect of so many club meetings upon women, Mrs. Drapp Smith said, "Why no, we do not overdo it. There are 5,000 clubwomen in this state. The only ones who in any way neglect their home duties are those who devote their time for the advantage and advancement of the cause. Consider the chief benefit of this congress comes from the meeting and having with us these celebrated women, rather than the west is more undeveloped than the east, and the privilege of meeting distinguished people and associating with them furthers our advancement. The close of the exposition will see us far in advance of our condition at its opening. With so many different conventions, no woman can fail to find interest in some of them. And it is our hope that many of the women will remain until the last session. It is perhaps unfortunate that the Congress is in session during Jubilee week, but who can do that? It is our hope that the opportunity of being present the last week in October.

MORE SCHOOL CHILDREN COME

Seward, Aurora and York Send a Fine Delegation of Youngsters to Attend the Exposition.

There are three Nebraska towns in which no school was held yesterday—Seward, Aurora and York. The doors of their houses of learning were closed and the pupils were enjoying a day's recreation at the exposition. At 11 o'clock a special train of ten coaches drew into the Burlington station. Each car was gaily decorated with flags and bunting, while the fluttering handkerchiefs at every window and the laughter and shouting of small boys and girls at the train came to a stop clearly indicated an excursion of school children. The youngsters numbered 700 all told. There were 300 from Seward, in charge of Superintendent W. W. Storer and Principal L. H. Wilson, and 200 each from Aurora and York, in charge of Superintendent F. A. Hyde and W. D. Bower, respectively. They scrambled down from the cars and up onto the viaduct and it required all the vigilance of their teachers were capable of to keep them together and prevent accidents. A dozen or more trolley cars were waiting for the party and on these the children were placed and conveyed to the exposition grounds. They will return this evening.

To Make Your Wife Love You Buy "Garland" Stoves and Ranges.

WHEN THE PRESIDENT COMES

Special Train Will Reach Omaha Early Tuesday Evening.

AK-SAR-BEN PARADES TO BE REPEATED

Board of Governors Arranges for Presentation of Consolidated Pages to Before Mr. McKinley and His Distinguished Companions.

The latest advice at the local office of the Chicago & Northwestern railway concerning the special trains for the presidential party are to the effect that both President McKinley's and General Miles' trains will arrive at the Omaha union depot at 8:20 o'clock on Tuesday evening. The first train will carry General Miles and party, who will await the arrival of President McKinley and party at the union depot, both parties then proceeding to the reviewing stand to witness the grand Ak-Sar-Ben parade. The train, President McKinley is scheduled to leave Clinton, Ia., at 11:20 a. m., and a run of nine hours will be made from Clinton to Omaha, the daylight trip from Chicago to Omaha giving President McKinley and his party an opportunity to see the states of Illinois and Iowa and to make brief stops at towns along the line of the Northwestern where crowds may be assembled to greet the nation's chief. President McKinley is not to be deprived of the privilege of viewing the Ak-Sar-Ben parade because he was not in the city this week. The beautiful pageant will be repeated next week while the president is a guest of the city, and the grandeur of the scenes will be enhanced by the union of the two parades into one. This will be done on Tuesday night, the time set for the arrival of the president in the city. This much has been decided upon by the board of governors. The line of march will not be so extended as the two evenings of this week, as the purpose of the parade is to show the beauty of the floats to the president, and they will simply be passed in review before him. The floats will be assembled along Douglas street, with the head of the line resting on Tenth and Farnam streets, and no lights will be burned until the hour arrives for starting from that point. The board of governors will repair to the depot to receive the presidential party, along with the escort provided for the occasion, and the reception committee of the exposition. When the visitors turn up Farnam street the parade will be started and fall in behind. When the first of the floats reaches Fifteenth street the line will be halted until the presidential party becomes seated in a position to review the parade. It is expected that the visitors will be given places on the stand in front of the city hall, as it is thought the crowd will be too great to permit the carriages to take positions in the street. After these arrangements have been perfected the parade will move again in grand review, going west as far as Nineteenth street, then south to Harney, east to Fifteenth, and then north to the depot. It may be necessary to go east on Harney to Fourteenth if it is found that the parade is too long to permit the head of the line to cross at Fifteenth street. There will be between thirty and thirty-five floats in line. All of the electric floats will be used, most of the Samson floats. Two or three of the latter were spoiled by the rain this morning, as they had not been put under cover. It has not yet been decided what arrangement should be adopted for the placing of the floats. It is possible the electric and

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes swollen, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at Kubn & Co.'s drug store.

Mortality Statistics.

The following births and deaths were reported to the health commissioner during the twenty-four hours ending at noon yesterday: Births—B. Swanson, 3013 South Twenty-eighth avenue, boy; J. M. Shea, 1211 Pierce, girl. Deaths—Jane Godson, 2059 North Twenty-eighth, 78 years; Lottie Benson, 4651 Dodge, 43 years. You invite disappointment when you expect to get DeWitt's Little Early Riser, a cure for constipation and sick headache, just as sure as you take them.

Glad to Get Away. Kate Marshall, Ida Brown and Ida Mitchell, three of the north end panel workers rounded up in the police raid a week ago and were forced the police to drive them out of the city. They were weakened and begged to be allowed to leave the city. They preferred banishment to continual imprisonment in the city jail. They were escorted to the city limits by the police.

DEPEW ARRIVES IN OMAHA

New York's Popular Orator Will Make an Address at the Exposition.

SAYS HIS SUBJECT WILL BE OMAHA

His Train Arrives an Hour Ahead of Time and Heads Off Any Possible Demonstration by Omaha Admirers.

Chauncey M. Depew, accompanied by President S. R. Calloway of the New York Central, arrived in Omaha at 5 p. m. yesterday after a quick run from New York. Dr. Depew will participate in the exercises of New York day today and will start on the return trip tonight. The party left New York at 8:30 a. m. Thursday and arrived in Chicago at 6:15 a. m. yesterday, completing the run to the Mississippi river in twenty-five hours. The routes taken were the New York Central, the Lake Shore and the Northwestern. The special train was made up of the finest equipment and the trip was made so smoothly that Dr. Depew was not in the least fatigued by his long journey. The time of the party's arrival was not generally known and had been announced for one hour later. The prominent republicans of this locality, therefore, were unable to pay their respects in person to their chief and will take that opportunity at the hotel or during the exercises at the grounds. General Manager Clarkson was waiting when the train drew up and tendered Dr. Depew the welcome of the exposition management. He said that President Wattlew and other officials wished to meet the distinguished guest after he had become refreshed from his journey, and to conduct him to the exposition grounds and later to the A. S. Bell hall. Dr. Depew accepted the first invitation cordially, remarking that he had heard the praises of the exposition at night sung in no measured terms. Others who were present to extend an official welcome to the party were: Hon. Jacob Amos, ex-mayor of Syracuse, N. Y.; H. B. Hebert of the Produce Exchange, New York, and Major A. M. Wheeler, all members of the New York state commission.

Not a Stranger in Omaha.

Dr. Depew remarked on his way to a carriage that he was by no means a stranger in the city, having made brief stops here on a number of occasions. "Mr. Calloway, who is with me," he added, "quite considers himself an Omaha citizen, as he was resident here for a number of years at the time he was president of the Union Pacific."

He was asked regarding the subject of his speech today and replied with one of his contagious laughs, "Omaha, nothing but Omaha, the center of the world."

Although the special made a direct trip from New York there will be less haste on the return and Monday will be spent in Chicago. Dr. Depew will make an address in the afternoon at the Auditorium under the auspices of the Produce exchange and in the evening he will be tendered a banquet by the same organization, which will be followed by one of the guests' famous after dinner speeches. The main body of the New Yorkers will arrive this morning. There will be a party of twelve from the Produce exchange and a number from the Merchants' association and the Board of Trade. Dr. Depew's party is quartered at the Paxton and the New York headquarters will be divided between that house and the Millard, where reservations have been made for the Merchants' association.

WILL ASSAULT SIOUX CITY

Transmississippi Traveling Club Will Take a Day Off to Boom the Exposition.

This will be a red letter day for the members of the Transmississippi Traveling club. They are going on an excursion—and they will take their wives with them. Accompanied by the McCook band 175 of them will start for Sioux City at 8 o'clock this morning on a special train. Their main object is to advertise the Peace Jubilee week, though they will help Sioux City celebrate its carnival. Sioux City will certainly know when they arrive. If it does not their "Kalamazoo, Kansas, Kanaw, we're traveling men from Omaha" will tell the tale. And from the way the members talk Sioux City will not forget they've been there. "Why, they'll be white when we get there, red while we're there and blue when we leave," said one of the members. At 2 o'clock the men will form for the first parade. And then the fun will begin. Chairman Rayley will lead the club. After him will come Secretary Elliot, Treasurer Patrick, Grand Marshal Curtis and E. E. Drew of Ostrich Farm fame with his "bub, bub, bub," then the body of the club. They will carry their banner with the motto "Always to the Front" and a special poster with "Exposition Peace Jubilee, October 10-15. Come and see President McKinley—Omaha Traveling Men" on it, presented by the management of the exposition. Each man will wear a handsome white satin badge, with a rosette of Ak-Sar-Ben colors at the top, from which hangs a gilded medal of the exposition and the word "Omaha" printed on the ribbon at the bottom. At 5 o'clock they parade a second time. From the time they arrive till they leave at 8 o'clock Sunday morning the fun will be fast and furious. And they threaten to bring the police and jail back with them on a hot car. They will take plenty of ice and "Jim McKinley," their colored porter, will administer to their aches and pains. When you call for DeWitt's Witch Hazel Salve, the great pile cure, don't accept anything else. Don't be talked into accepting a substitute, for piles, for sores, for bruises.

Two Small Buildings Burned.

The two small frame buildings at 1002 and 1004 South Thirtieth street and a large barn in their rear were almost destroyed by fire at 2 o'clock Friday morning. The loss on buildings and contents will reach \$700. In the barn a horse was cremated. The buildings were occupied by a dozen or more Greek peddlers. There was no insurance on buildings or contents. The property is owned by the Homan estate.

CITY HALL NOTES.

N. M. Hasted has taken out a permit to erect a \$1,200 dwelling at 2831 Dodge street. The contract for furnishing the building with steam coal has been awarded to the Omaha Coal, Coke and Lime company on its bid of \$2.40 a ton delivered. County Treasurer Helmsdorf has completed city tax list for 1897, which he declares is a vast improvement upon the list of former years. The county treasurer declares that the list is as near correct as is possible and says that this is absolutely necessary in order to permit of the collection of delinquent taxes. The city wants to rent an engine house somewhere in the district between Harney and Jackson and Eleventh and Fifteenth streets to house the company that is now located on Harney between Thirteenth and Fourteenth. The Advisory Board has decided that the rent demanded for the present quarters is \$100 a month, is too high. The lease has just expired. The secretary of the board was therefore instructed to advertise for new quarters. The circuit court is to be issued by the School Board for the purpose of enjoining the sentiment of the patrons of the city schools regarding a High school system will be issued some time next week. Superintendent of Schools Pearce will set forth the advantages of the three high school plan, which he advocates, and Secretary Gillan of the board will outline the benefits of the scheme of erecting a single high school on the present grounds. An old physician, retired from practice, had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints. Having tested this remedy in 1000 cases, he writes: "I have cured thousands of cases, and desiring to relieve human suffering, I will send free of charge to all who wish it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail, by addressing, with stamp, naming this paper, W. A. Noyes, 520 Powers' Block, Rochester, N. Y."
